

Range: PCB Terminal Blocks, Connectors and Fuse Holders

Order Code: DFH06

DESCRIPTION

Cylindrical PCB Vertical Mount Fuse holders

PCB TERMINAL BLOCKS, CONNECTORS AND FUSE HOLDERS FEATURES

- Horizontal and vertical mounting options available
- Bayonet carrier with finger or screwdriver release
- Anti-soldering wicking
- Manufactured in accordance with IEC 127-6 & UL512
- Approvals Pending

Subject to technical modification without notice.

Typographical and other errors do not justify claim for damages.

MAKING THE **RIGHT** CONNECTIONS

SPECIFICATION

Mounting Type	Vertical
Fuse pole Rating	10A/250V
Contacts Material	Tinned Nickel Plated Brass
Dielectric Strength	3KV/60Å°
Power Dissipation (w)	1.6
PCB Hole Size (Recommended) (mm)	1.5
Insulation Resistance (mOhm)	100
Body Material	UL94 V0 Flame Retardant PBT
Comments	Applied for, pending confirmation
Contact Resistance (mOhm)	< 5
Fuse Holder Style	Cylindrical
Fuse Size (mm)	5x20
