SAVE TIME & MONEY

Debox SL can be installed in as little as 20 seconds – saving you time & money on every installation without compromising quality. Featuring everything you need immediately to hand, not only does Debox reduce time on-site, it also offers greater flexibility.

100% TOOL-LESS BOX ASSEMBLY

Debox SL is here to make your life easier. No need to waste time looking for dropped screws or missing components. No tools. No screws. No hassle.

SUPPLIED WITH TERMINAL BLOCK

4-pole 16A UL/VDE approved push-fit terminal block included as standard - conforms to EN 60598-1 (GWT 650°C), with push fit mounting.

MAINTENANCE FREE

Comes complete with a butterfly clip that secures the lid for a fully compliant and maintenance free installation (also features a spare clip).

QUICK & EASY INSTALLATION

The Debox SL comes complete with everything you need in one kit for quick and easy installation.

IN-BUILT CABLE CLAMPS

Perfect for securing flat or round cable, no screws are required! Compliant to EN 60670-22 (Pull Test), the Debox SL gives you peace of mind that every installation is compliant and maintenance free.
