SPARE LOCKING CLIP

LOCKING CLIP

CONVENIENT

The Debox SM⁴⁰ is the first 4 pole inline junction box that fits into a 40mm aperture, yet still retains a generous cable management space. This makes Debox SM⁴⁰ ideal for use in LED lighting.

SUPPLIED WITH TERMINAL BLOCK

As with all Debox Junction boxes Debox SM⁴⁰ comes ready for use, supplied with all components including the terminal block, making connection simpler and easier.

TOOL-LESS CABLE CLAMPS

Debox SM⁴⁰ has one-snap, tool-less cable clamps that comply with EN 60670 Pull Test to speed up connections.

LOCKING CLIP

The Debox SM⁴⁰ connection is completed with a one-time locking clip (no screw) and includes a spare clip if needed.
